

GR-3 040/EM/12

OVERVIEW

The IAME GR-3 is the brand new project developed by IAME to compete in the FIA Karting Mini class.

This exceptional power unit combines the decennial experience achieved by IAME in this specific category of the Sport of Karting with the latest technology derived from the World Champions Reedster V engines. The result is a totally new design, outputting unbelievable performance. Better cooling than ever before, impressive power out of the box, exciting looking, high-end components, finest machining.

The GR-3 is the new benchmark to defeat and it's here to raise the champions of the future.

TECHNICAL DATA

MODEL	GR-3 60cc - 040/EM/12
DESCRIPTION	Single cylinder – 2 stroke
CLASS	Fia Karting Mini
BORE	Ø 41,80mm
MAX. BORE	Ø 42,10mm
STROKE	43mm
DISPLACEMENT	59cc
PORTS	2
INLET SYSTEM	Piston Port
LUBRICATION	Oil mixture
IGNITION SYSTEM	Digital
TRANSMISSION	Centrifugal Dry Clutch
COOLING SYSTEM	Air Cooled
BALANCER SHAFT	-
STARTER	Electric
CARB. MODEL	Dell'Orto PHBG18 BS
MAX. POWER	ND
MAX. TORQUE	ND
MAX. RPM LIMIT	14.000 RPM

THUMBNAILS
